*Staff and schedule subject to change

OUR GOAL FOR CAMP

Our goal for camp is to prepare and develop high school hockey players for the chance to be an elite player in the state. With this development we expect team success and individual recognition at the varsity level. This success will also prepare our students for the opportunity to move beyond high school hockey and play at higher levels. Our staff played high school hockey before going on to junior, NCAA, and professional hockey. WE KNOW WHAT IT TAKES!!! Furthermore, as the only camp in the area aimed at **elite player development** and run by NCAA coaches and former players, our goal is to provide advanced training for today's high school athletes preparing them for successful team play and superior skill development.

DATE: *Thursday, June 17, 2021 -
Saturday, June 19, 2021*

COST: \$225

Location: KVIH, Brighton, MI

Fine tune your game with the
only school in town offering
detailed instruction from
current NCAA coaches.

THE PROGRAM:

Ice sessions will be high speed, high intensity training aimed at developing advanced individual skills and team/game development and recognition. Everything we do will be aimed at your individual skill development as related to game performance just as we do with our NCAA teams.

For enrollment, fill out the information below and send to:
